The Story of Shady Maple

Simple Beginnings 1962

Mr. & Mrs. Henry Z. Martin, Miriam's parents, originally started selling produce in a roadside stand located in front of their home. The stand, located under large maple trees beside the current Farm Market, is where the name **Shady Maple** originated.

Scan this code to watch a video of the Shady Maple story on our YouTube channel.

The First Building 1970

Marvin & Miriam Weaver eventually took over the business. In July 1970, at the age of 23, they opened their first block building, approximately 65' x 65', in which they planned to sell produce. However, they took the opportunity to go with IGA, a grocery store alliance for independently owned stores, and installed a grocery department.

In the fall of 1971, the Weavers expanded their store to better serve their customers. In each subsequent year, additions were added and by 1976 a newly remodeled in-store bakery and large warehouse were added onto the facility.

The Decade of Growth 1980

By the spring of 1982, Marvin & Miriam launched a major expansion program to enlarge and remodel the entire store, making it a total of 70,000 sq. ft.

During the next few years, Shady Maple constantly changed and improved. The soup & salad department continued to grow by making almost everything from scratch using old fashioned Weaver Family recipes.

Smorgasbord Opens 1985

In the fall of 1984, the Weavers started construction of the Smorgasbord. By July 1985, the new restaurant was ready for business and the customers responded enthusiastically to the all-you-can-eat-for-one-price concept. Popularity for the Smorgasbord grew and a 1-2 hour wait was not uncommon. The following years the Smorgasbord underwent multiple expansions.

A New Smorgasbord 2000

In September 2000, the Weavers opened their new Smorgasbord, with approximately 110,000 sq. ft. The new Smorgasbord seated 1,200 people.

In 2005 the Weavers expanded the entire building by adding a Banquets & Conference center. Shady Maple Catering started its operations through the Banquets department, serving quality food off premises.

In 2010, the Market underwent the expansion and remodel, revitalizing the grocery shopping experience. The Farm Market currently also has a Pharmacy, Snack Shack, and a Market Gift Shoppe.

Today, Marvin still believes the time-tested motto, "Give the customer quality food and service and you will have a customer for life."

The Shady Maple Companies currently has more than 800 employees.

Being Thankful

Marvin is quick to acknowledge that his management team and employees play a vital role in making the business successful. The employees' commitment to friendliness and service make Shady Maple Companies a positive experience.

The Weaver family also feels greatly indebted to all the people from the local and distant communities for their faithful patronage.

Ultimately, Marvin, Miriam, and their three sons, Philip, Curtis, Linford, their wives and families (13 grandchildren), give the Lord Jesus Christ the glory for any success that has been accomplished over the years. They invite all to the Shady Maple experience, a family tradition.
